COVER LETTER

am writing to express my interest in the **FULL STACK DEVELOPER** position that you have posted. I believe that my experience and skills make me a strong candidate for this position.

I have been developing software for both mobile and web for over 9+years, with a focus on mobile development for the last 8+ years. My experience includes developing native applications for iOS and Android as well as cross-platform applications using Javascript, React Native, Dart and flutter. I have also developed web apps using React js and other Javascript frameworks

My core strengths include being able to quickly learn new technologies, being able to work independently or as part of a team, and being able to communicate effectively with both technical and non-technical people. I am also skilled at troubleshooting bugs and finding solutions to difficult problems.

I would like to thank you for your consideration and look forward to hearing from you soon.

Hanafi Taofiq
